

Gentlemen and Women,

Please vote NO to loosening restrictions on Broadcast Ownership. In fact the rules governing ownership need to be tightened. It is a known fact that these Corporations do not allow their Broadcast News holdings to cover stories regarding the parent company or any of its holdings. The case of NBC and Disney should be proof enough that the current system is Unconstitutional. Disney admitted to this practice.

Please vote against further erosion of freedom of information.

Thank You

Floyd Hall III
